CONTINUING EDUCATION

CyberProtection (1 – 1.5 hours)

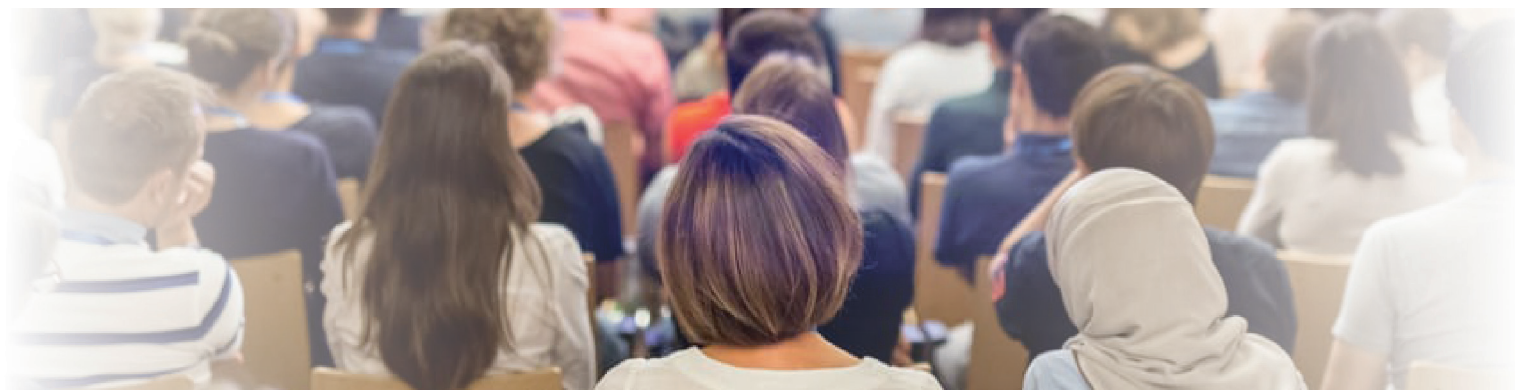

Course Description: We define, identify, and discuss scams, cyber-attacks, and identity thefts that you would most likely encounter. We examine and evaluate your Risk Tolerance and what it means for your practice. We analyze the Dark Web and provide practical and applicable steps to integrate into your practice to help protect yourself.

HIPAA (1 – 1.5 hours)

Course Description: We identify and discuss how HIPAA is changing the landscape in which we work. We examine and evaluate the four parts necessary to protect your client's Personal Health Information (PHI). We review a list of the common vulnerabilities and non-compliance and how your practice can keep ahead of these concerns.

Dental Practice IT, HIPAA, and Data Security (3 hours)

Course Description: A deep dive into HIPAA; we identify and discuss how HIPAA is changing the landscape. We examine and evaluate the four parts necessary to protect your client's Personal Health Information (PHI). We analyze the Dark Web and identify scams, cyber-attacks, and identity thefts. We also provide practical and applicable steps to integrate into your practice. Have you ever wondered what really happens after a data breach? You can learn here.

TESTIMONIALS

Thanks again for your presentation. Our members offered lots of positive feedback.

***Dr. Bruce Thomas,
Wisconsin Society of
Oral and Maxillofacial
Surgeons***

This message is to congratulate Sunset on jobs REALLY WELL DONE! Patrick, thank you so much for providing our HIPAA training. You did a nice job in the short time frame. Perhaps appropriately, our team left a little scared of the technological threats out there and covered some of their cameras.

***Michael Schwartz, Executive Director
Oral Health Partnership***

Patrick was a wealth of knowledge for our members. He clearly showed an in-depth understanding of the regulations, which was complimented by his legal education. That experience tied to his IT comprehension, made it a win-win for all our attendees!

Dental Integrators Association

Thanks so much for the training today. Everyone thought it was very informative!
